ADVICE OF A TRAVELING MAN

(From the California Limited Log Book)

If you desire a quick, comfortable trip from East to West or visa versa, and the one where you get the least dust, the advice of a traveling man is to take the Santa Fe Limited.

The dining car is unsurpassed, and the employes of this line are the most courteous.

I have made nine trips over the Santa Fe and have also been on all other lines, therefore, I know whereof I speak.

SANTA FE IS THE WAY

THE HONEYMOON

Tisn't likely that husband will feed wife actually all their lives, however fond he is on the wedding trip. Likely enough, however, he will pay for the feeding as long as life shall last—he should. Strict vegetarians read no further. Everything in the meat line that's considered first-class found every week-day in this first-class meat store. Lots of husbands and wives to prove it. They don't believe they're overcharged, either.

Now is the time you should be getting more eggs—they're worth more money. Are you getting them? As a rule hens stop laying when prices go up but it is not their fault. They can't get the proper material. Feed them

and they can't help but lay. It starts the egg-producing organs into action by furnishing the necessary elements. That's why it pays.

Costs about 1 cent a day for 24 hens.

FOR SALE AT GROCERS, FEED STORES, and general supply houses, but if you cannot get it at your dealers send us his name and address and 25 cents and we will send you, prepaid, a package that will last a dozen hens 6 weeks and our book on feeding. ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and I'm happy to say my health began to improve and I did my work right on the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds; he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps.

Idleness.

It is an undoubted truth that the less one has to do the less one finds time to do it in. One yawns, one procrastinates, one can do it when one will, and therefore one seldom does it at all, whereas those who have a great deal of business must buckle to it, and then they always find time enough to do it in.

FRUIT CANNING

Becomes a pleasure when you use the

ECONOMY JAR

We consider it the best jar made.

WHY?

1. Made of white flint glass.
2. With a wide smooth mouth that your hand can easily slip into.
3. No rubber to adjust: the sealing is done by means of a pure composition fixed to the cover.
4. The cover is coated with a lacquer that is as impervious to fruit acid as the glass itself.
5. The absence of contact with any rubber prevents tainting the fruit with unpleasant flavors.
6. There are no hidden corners and spaces in the cover to gather and cultivate disease germs.
7. Every jar is sure to seal. Fruit never mould; will pay for itself in the fruit it will save.

The Greatest American Two-Cylinder Touring Car Ever Sold FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $2000 to $3000.

20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5½ x 6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this ease of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say "There is no other $1550.00 machine of its class to equal it." Let us prove this to you.

Don't forget that our French Type Runabout at $800.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Office on Wheels"; Our Tonneau ($1,050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 50 H. P. $1950 to $4650

BASEBALL BY LAMPLIGHT.

Novel Exhibition on the Local Diamond Next Monday Evening.

Baseball by electric light is the latest innovation in the field of sports, at least in California, and the people of Redwood City will be among the first in the State to witness the novelty.

George Wiechring, manager of the local baseball nine, has made arrangements with the Sioux Indian team for a game in this city on next Monday evening, the 14th inst. The visiting team carries a portable light plant of fifty arc lights, which will light the grounds efficiently.

The Indian team was organized in 1898 and has ever since been touring the country in its own car and challenging the world. The Indians are genuine redskins from the Western plains and reservations, are all stockily-built fellows and make a good appearance, being well uniformed. Since their organization they have played a total of 1331 games, of which they have won 1053 and lost 287. The local team, though at present somewhat dismantled, will no doubt give the visitors a strenuous battle.

The game will be a novelty and well worth witnessing. General admission will be 50 cents.

The local wizards will line up as follows: Pitcher, Albert Michael, William Denike; catcher, Roy Curran; 1st base, Frank Fitzpatrick; 2d base, James Heaney; 3d base, James Allain; left field, Frank Allain; right field, Angelo Torres; center field, Chas. Curran; short stop Albert Mansfield.

Litigation Foreshadowed.

Partridge, have filed a notice in the Recorder's office to the effect that John Partridge is not the lawful owner of an undivided half interest in 100 acres of valuable land along the bay shore in San Francisco county. Judge Buck on Thursday appointed Samuel G. Buckbee appraiser of the estate of P. M. Partridge, deceased, to fill the vacancy of W. A. Magee who resigned. The other appraisers are J. B. Kelly of Menlo Park and J. M. Donlan of San Francisco.

HIGH SCHOOL OPENS MONDAY

Freshman Class Promises to Be the Largest in Its History.

The Sequoia Union High School will begin instruction on Monday next, August 14th, with a freshman class which promises to be the largest in the history of the school.

A neat circular has just been issued by the trustees in which some interesting facts regarding the school are given. The high school was organized ten years ago and in that time has graduated 87 pupils.

With the exception of the principal the faculty of last year has been retained. The teachers including the new principal are all University graduates and have been successful in their chosen calling.

The high school library already numbers about 600 volumes, and is especially strong along the lines of history and English. At the meeting of the trustees on July 8th a fund of $200 was placed at the disposal of the principal for library purposes.

PESCADERO PEBBLES.

PESCADERO, August 11 — Huckleberries are very plentiful, and the campers are busy with the bushes.

Prof. A. Marx of Stanford was among the recent arrivals at the Swanton House.

Mr. and Mrs. L. Ford, late of Toledo, Ohio, who are touring the State, are guests of Mrs. R. H. Brown.

Farmers are busy with their hay, which seems to be very good, and are pressing it and getting it stored away.

A family from Pleasanton has rented the Sheridan place and will move in very shortly.

The schools have opened here with a good attendance. The same teachers are employed that taught last year: Mr. Rathke and Miss E. Leighton.

Miss Clara and Emma Steele have gone to the Portland Fair and to visit relatives in Oregon.

Fred Gianola, one of the recent grammar school graduates, will make his home with Mrs. Granger, while attending the high school at Redwood City.

The Blomquist mill narrowly escaped burning up on last Sunday. The shingles near the mill caught on fire and burned several thousand, but for the timely aid of the neighbors the mill would also have burned.

The Harrison camp-ground has been been the scene of much jollity lately, every particle of ground large enough to hold a tent has been occupied. Professor E. B. Wung and a host of boys are noted among the campers.

J. Barron, late of this place, has accepted a fine position with the Ocean Shore Railroad Company and is located in San Francisco. His marriage with Miss A. Forrester of Berkeley will take place the last of this month. Hope they will take in Pescadero on their wedding tour and receive congratulations from their many friends.

The Pescadero Creamery has stopped making cheese and are now making butter. Nearly all of the cheese has been sold and at a fair price. Something over 2,000 were made during the five months. The foreman, E. Hill, has produced some of the best cheese made in the State—equal to New York creamery. The farmers ought to see that the creamery is well patronized, as the coming railroad will make freight cheaper, and the producer will reap the benefit.

The would-be Supervisors over here are getting rather discouraged waiting for the Governor's appointment. If it is postponed much longer there will be no need of an appointment; they can be elected, and perhaps the people would be better satisfied.

LA HONDA ZYPHERS.

LA HONDA, August 11—Mrs. H. Steinberg, one of the most respected residents of this place, has leased her ranch here, consisting of 365 acres to her two sons. She will close her home and move to Redwood City, and will live with her friend, Mrs. Theodore Finger. Mrs. Steinberg's daughter Tillie will enter the Union Sequoia High school at Redwood City to take a commercial course. Mrs. Steinberg has the best wishes of her many friends here for a pleasant sojourn in the county seat.

The petition of the Societa Italiana Beneficia to enlarge its cemetery near Colma was taken up and discussed.

Attorney Isaac Frohman appeared for the Congregation Shalome cemetery and opposed the petition. He claimed the petitioners were endeavoring to get control of a certain tract of land which is a public street and known as Clarke avenue. If closed it would result in great damage to the Jewish cemetery. He thought the Board should carefully investigate the matter so that no undue hardships would result to his clients.

Attorney O'Gara, who represents the Italian cemetery, replied that inasmuch as no claim was made that burials in that portion sought to be annexed would be detrimental to public health or constitute a nuisance, the board should grant the application. The question of ownership of the land in dispute was a matter for the courts to decide and not the board.

Mr. Frohman did not believe the board would permit Clark avenue to be closed by the Italian Cemetery people unlawfully, which they would do if the application was granted.

O'Gara claimed that it was a question whether Clark avenue was a public highway or not. That was a question for the courts to decide. He explained that the Jewish cemetery would not lose any rights if the application was granted.

The president of the Italian society was called and from his statement it would appear that the land sought to be annexed was recently purchased by the Italian cemetery, the other cemetery refusing to bid for the property, having received $1,000 from the former.

Eikerenkotter, who is familiar with the situation, said the street ought to be kept open.

Debenedetti moved the petition be granted. MacBain seconded but said he would vote no. The motion was lost, Debenedetti alone voting aye. He changed his vote and gave notice that he would move to reconsider at the next meeting.

John S. Regan of Halfmoon Bay, aged 33 years, applied to the board for aid.

Debenedetti said he knew the applicant and that he was worthy of assistance. The young man had served in the U. S. Navy at Manila and while there contracted malarial fever that rendered him a helpless invalid. He had served his country well and was deserving of aid.

On motion of Debenedetti seconded by Eikerenkotter the applicant was allowed aid in the sum of $8 per month from August 1st.

On motion of Eikerenkotter seconded by MacBain all outside indigents receiving aid from the county, excepting orphans, will be stricken from the roll on and after September. All single men will have to go to the poor farm, and those deserving of assistance will have to renew their applications to the board.

W. O. Booth, Justice of the Peace of the Second township, petioned the board for permission to travel in the southern part of the State. On motion of MacBain seconded by Eikerenkotter the request was granted.

The following communication was read by the Clerk and referred to the Auditor:

LOS ANGELES, Cal., Aug. . . 1905.

J. F. JOHNSTON, Esq., County Clerk, Redwood City, Cal.:

Dear Sir—I hereby respectfully request the honorable Board of Supervisors of San Mateo county, in making up their fiscal budget for the year 1905-1906, to include in same an allowance sufficient to pay Warrant No. 3, of Reclamation District No. 754, for $1500.00 and interest from December 15, 1904.

Very truly yours,
E. E. HEWLETT.

Loren Coburn notified the board that he had withdrawn from the official bond of H. L. Good, constable of the Fifth township. The communication was ordered filed and the Clerk instructed to notify Mr. Good to secure a new bondsman.

The California Automobile Club, in a communication, condemned the record-breaking runs from San Francisco to Los Angeles and offered to assist the county in the prosecution of the offenders.

The Agricultural Department at Washington inquired as to the number of miles of improved roads and streets in San Mateo county. The clerk was directed to reply.

Supervisor MacBain presented a report from J. D. Galloway, a consulting engineer employed at his own expense to examine the floors in the new courthouse. The expert said the work was not properly done and would not be tolerated in other buildings. MacBain said some one was responsible for the poor work and he desired to place the blame where it belonged. Under the circumstances he thought an expert should be employed by the board to make a full investigation of the building and render a complete report accordingly.

Mr. Amwig said the building was erected conscientiously and according to plans and specifications; that if the latter were defective it was no fault of the contractor.

Geo. C. Ross took occasion to say that as one who appeared before the board to urge the construction of the new courthouse, he would like to see a good substantial building constructed for the money the taxpayers were so lavishly giving. The rumors that the building was faulty and being poorly built should be investigated. If any errors existed in the plans they should be altered.

On motion of MacBain seconded by Debenedetti it was agreed that the board appoint an expert and the contractor another to act in conjunction in making a report.

Mr. Ross called the board's attention to the inadequate condition of the Recorder's office in the new building. He said the work of the office had grown to such an extent in the past few months that the room allotted to the Recorder would be inadequate for the transaction of the business. Recorder Johnston explained to the board that he needed more room. He exhibited drawings of the Santa Clara and Alameda offices, showing the large amount of space given the Recorder's offices in those counties. He said the office was now crowded with searchers and the number would be doubled when he moved into the new building. Mr. Johnston made a strong argument for more space, saying that the earning capacity of his office was growing steadily. Last month he had turned into the treasury $600.

The board agreed to take the matter under consideration and after adjournment would make an investigation.

On motion of Debenedetti seconded by Eikerenkotter, MacBain was authorized to erect three wooden bridges in his district.

On motion of Debenedetti seconded by Eikerenkotter, Fred Simmons was appointed constable of the Fourth township to succeed Fred Vallejo, who resigned some months ago.

On motion of MacBain, seconded by Eikerenkotter, Ordinance No. 199, declaring a certain portion of Atherton avenue in the Third road district a public highway was passed and adopted.

Geo. C. Ross presented a map of the Eastern Addition to Burlingame and same was accepted and filed in the following resolution adopted by the Board:

WHEREAS, Ansel Mills Easton, the proprietor of a certain tract of land in the county of San Mateo, situated on the northerly side of the County road leading from San Jose to San Francisco, and being a portion of the Buri Buri rancho, has caused the same to be surveyed, laid out and subdivided into lots for the purpose of sale, and has caused to be made an accurate map or plat thereof particularly setting forth and describing all the parcels of ground within such subdivision reserved for public purposes by their boundaries, courses and extent, and also all lots intended for sale by number of lot and block and their precise length, width and dimensions, said map being designated as "Map of the Easton Addition to Burlingame, San Mateo Co., Cal." and said subdivision having been made by D. Bromfield, C. E., in July, 1905; and

Whereas, Said Ansel Mills Easton did on the 7th day of August, 1905, duly acknowledge the said map or plat before Geo. C. Ross, a notary public in and for said county of San Mateo, and said notary did on said day duly affix thereto his certificate of such acknowledgement in due form of law; and

Whereas, The aforesaid map or plat is now presented to this board for acceptance;

Now therefore, Resolved, That Buri Buri avenue, Carmelita avenue, Sanchez avenue, Majilla avenue, Capuchino avenue, Paloma avenue, Laguna avenue, ChulaVista avenue and San Mateo drive, as delineated on said map, be and the same are hereby accepted on behalf of the public by the Board of Supervisors of the county of San Mateo as designated to public use in accordance with an act of the legislature of the State of California entitled "An Act requiring the recording of maps of cities, towns, additions to cities or towns, or subdivisions of land into small lots or tracts for the purpose of sale, and providing a penalty for the selling or offering for sale any lots or tracts in cities, towns, additions to cities, towns, subdivisions or additions thereto, before such maps are filed and recorded," approved March 9, 1893, (Statutes of 1893, Chapter LXXX) and as amended by amendment of Section 3 of said act (Statutes of 1901, Chapter CXXIV), and the clerk of this board is directed to endorse acceptance of said map as follows, to-wit:

"Buri Buri avenue, Carmelita avenue, Sanchez avenue, Majilla avenue, Capuchino avenue, Paloma avenue, Laguna avenue, Chula Vista avenue and San Mateo drive, as shown and delineated on this map, are hereby accepted by the Board of Supervisors of the county of San Mateo, on behalf of the public as dedicated to public use in accordance with and subject to the terms of a resolution of said board adopted this 7th day of August, 1905;" and

Resolved, That this resolution is adopted and said map accepted upon and subject to the express condition that the county of San Mateo does not hereby become responsible or liable for any expense, cost or charge as to any of such avenues, or streets, or any thereof, whether for grading, macadamizing or for any other road purpose, this condition and incurring of any expense, cost or charge being left to the discretion of future boards of supervisors, nor shall said board of supervisors, or any member thereof, or said county of San Mateo, be liable in damages in any sum or amount arising by or through any defect of any kind in any of said highways or avenues.

Upon completion of its business the board adjourned to Monday, August 21st.

PUMPING STATION DAMAGED.

Fire Causes Serious Injury at Redwood City Water Co.'s Plant.

Fire broke out at about 3 o'clock Thursday afternoon in the pumping station of the Redwood City Water Company, situated on the marsh near the salt works, and before the flames could be extinguished the interior of the plant was almost a total loss.

The origin of the fire is unknown, but it is supposed the flame started from a defective transformer. Chief Engineer Alphonse Ligouri and assistant Engineer Henry Werder were on the scene in a moment and worked heroically to extinguish the flames but did not succeed until serious damage had resulted.

Four transformers and two motors were almost totally destroyed. One of the latter was an alternating current motor of 20 horse power and had but recently been installed. The total loss is estimated at $1,000. The city's water supply is not effected as the company is supplying water from the cistern in the old water works until the damage can be repaired.

Doctor Miller, a prominent San Francisco physician, was here Tuesday looking for a suitable residence to rent or buy. He will locate here if he finds a place that suits him.

Mr. Clack visited British Columbia and Salt Lake City. He was surprised with the progress and growth of the latter place. Wherever he visited in the North and Northwest he saw evidences of prosperity.

The Menlo Park Horticultural Society is busily engaged in preparing for its flower show to be given on October 20th and 21st. It will be one of the best ever taken place in the State. A subscription list will soon be circulated to secure funds to defray the expenses of the affair. There will be more exhibitors this year and it is thought more space will be required.

The remains of the late Fredarick Macondray, who recently died in Manila, arrived on the 12:40 train yesterday and were interred in Holy Cross cemetery. Only relatives and friends attended the funeral. The deceased spent his boyhood here. He had many friends and was beloved by all for his fine traits of character and genial companionship.

The Board of Supervisors of Santa Clara county have agreed to appropriate $1500 towards the fund to build the Menalto bridge across the San Francisquito Creek. The ceremonies will be very impressive. Archbishop Montgomery, with a large number of priests of the diocese, will be present. A special train chartered by the Knights of Columbus will arrive early in the afternoon. The ceremony will take place at 3 o'clock.
